

My name is Peter Baldaszti, I am the CEO of Doit HR and the Chairman of the Board of Baldaszti International Plc. First of all, I would like to thank you for the time you spend on learning our company and services!

Salutation

Mission

Doit HR was found to guarantee the best achievements in Human Resources Management services as a strategic partner for our Clients, encouraging the economic, and the social development as well as the employees' personal career growth.

What we believe in

- We believe in customer-orientation: in all cases we consider our Clients' interest, we respond fast and proactively to their claims. Only our Clients' success can make us successful.
- We believe in cost-efficiency: we expect from our colleagues to manage our Clients' resources as if they were their own.
- We believe in team-work: serving our Clients, our professionals always support each other's work and share their knowledge and experience.
- We believe in innovation, in professional knowledge and experience. We work day-by-day to improve the quality of our services and to help our Clients with the most innovative solutions. We also improve our own knowledge.
- We believe in humans and in our colleagues and that the success of all companies essentially depends on those employees who work there.
- We believe in the outstanding leaders, creative talents, ideals and committed employees and we believe that we can help all our Clients to find such employees.

Where do we come from – where do we go

2005

Our company opens its first office in Székesfehérvár. We recruit and employ a greater number of temporary workers throughout Fejér county. By the end of the year due to the increasing number of assignments and colleagues we move to a larger office.

2006

Due to a significant temporary placement project our company opens its office in Budapest. According to the management's decision, from this time our strategic centre takes place in the capital city.

2007

With the new centre, our company extends its core activity to other value-added HR services beyond temporary placement. We move to another office in Budapest and the number of our own employees reaches 30. We begin to expand regionally in Romania and Slovakia, and obtain the ISO certificate that proves and guarantees the high quality of our activities.

2008

We open further offices in Hungary and in the region. According to our plans, we shall be at our Clients' and employees' services in Tatabánya, Debrecen, Komárom, Győr, Szombathely, Kolozsvár and Dunaszerdahely by the end of the year. In order for our transparent and efficient operation after the regional expansion we restructure our company and Doit HR will be owned by Baldaszi international Plc.

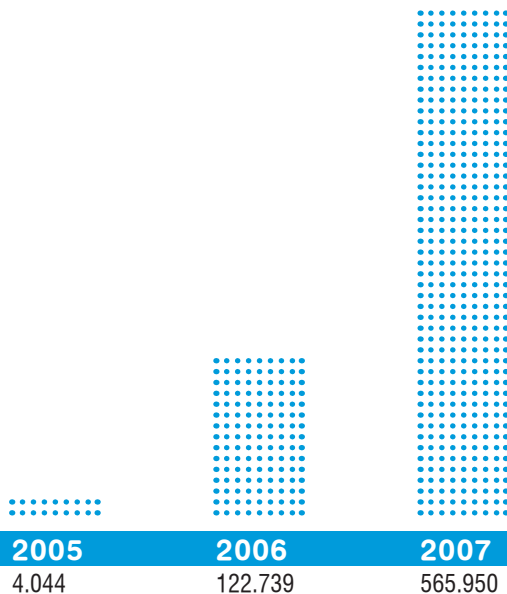

Baldaszi International Plc. will join all corporations of the holding that are: Doit HR Hungary, Doit HR Romania, Doit HR Slovakia and Addskill Ltd. The activity of Baldaszi International Plc. is financial-accounting consulting as well as value-added outsourcing services.
